Students Home for Holiday—Kin Meeting—Mixed Success—Bew Returned from Florida.

Among the students who took advantage of the holiday were Allen P. Gar of Mill Tech, coming home for Christmas with his father and mother on their turn trip from New York, and Allen Chella, of Boston, who came home for the first time, whenever possible. Happy students with a home, regardless of the length of the absence, are apt to be forgetful of learning, they all make a grand record for the old roof tree. When opportunity is given, and the students admit that "nothing is so good as a good old-fashioned home-baked meat off a fellow's bones as a touch of home sickness." Not all dear ones who gave their lives for the country, died of wounds. Nostalgia is its quota.

The Kiwanians held their meeting Feb. 18, at the Milliken school hall. George Stetson of the Standard Club gave a paper on "compulsory automobile insurance." Mr. Wiley, president of the Sanford Club gave a short talk on the Washington. Music on piano, saxophone and singing were enjoyed. The church members of the Methodist Episcopal church served the supper, which was good consisting of tomato soup, roast pork, mashed potatoes, peas, pines and cranberries.

The Circle held a social at the William Machine, with fourteen members present. Business session followed by reading of numerous selections were enjoyed, as was also the home made refreshments.

Several frequent rehearsals of the Minstrels show which was postponed two weeks for unavoidable reasons culminated in the evening of Feb. 21. In a grand show the audience which filled the hall to repletion was delighted that home-bred could acquire themselves so creditably a role practically unfamiliar to the audience. Nothing succeeds like success. The old auditors and minstrels and auditors were satisfied each with the other, we made the minstrels feel well rewarded for their labors.

Beuton has returned from Florida, where he spent several delightful weeks at St. Petersburg. He saw sister Mrs. Newcomb and her husband, who he said to be in the best of health and interested in everything he saw in Florida. He still felt that the tree state spelled home.

We Rejuvenate

radio sets. Didn't know it could be done? Well, it can. Not just the tubes—though even that sometimes helps a lot. But it's likely we can take your last-year's set, that you're thinking of "trading in" for a new one, and alter it at a fraction of the cost—so that it will give you everything you would get in a new set—and more, too.

We build or rebuild

Perhaps it will not pay to rebuild your particular type of radio. If so, we will say so frankly. If a new one is needed, by all means see and hear, before you purchase one, the surprising performance of the sets we build to order, from the very latest and best parts obtainable—embodying principles not yet available in ready-made sets. The cost of such a custom-built receiver need not be a cent more than you would pay for a common ready-made set! Yet the standard of quality in our custom-built receivers is far higher in every way.

A call and a friendly conversation on reception in radio will cost you nothing, and may result in giving you many pleasant hours—whether or not you buy a new set this year.

LOVELL—NO. 4

Jolly-Ate Club

The ninth Jolly Ate party was held last Thursday at the attractive home of Mrs. Helen Cox, on Eastman Hill. The day was no exception to the rule, the usual snow storm having arrived. The "Asters" could not wait for the snow plow but started with horses and cars, the horses made the hill on high, but the car laid down, and two of the members finished the grade in low. All arrived in time for the game at the usual hour. Some of our members were unavoidably detained so the husband of the hostess kindly consented to make the number even. The club voted to have a musical program after the game and a vocal solo was rendered by the host. We thought the prizes were going as well as the prizes out on the consolation as Athena was the lucky lady. Ruth won first prize. One of Helen's wonderful lunches was served and fully appreciated by every member. As the moon rose over Sabbath, the Jolly Ate bid the hostess goodnight until next Thursday, when we meet with Mrs. Annie Walker, at No. 4.

Oxford County United Parish

Including Albany, North Lovell, East Standish and the Harbor Church. Revs. W. I. Bull, B. F. Wentworth, A. C. Townsend

Nature provided an ideal winter's day last Saturday for the fourth Winter Carnival which was held at North Waterford. The snow now made the ski and snowshoe sport just difficult enough to be interesting; while Waterford's new tractor snow-plow made the roads just right for the dashes, rope-pulls and other sports events. The plow also had made it possible for all to come in autos, and there were a goodly number from all parts of the Parish, and from near-by towns. Individual and group contests filled every minute of the day.

At noon an oyster dinner was served in the church vestry by the ladies of the whole Parish, and every local community was represented in preparing and serving it. The proceeds went to the Staff fund, and amounted to about fifty dollars. At night a baked bean supper was served by the Ladies' Circle of East Standish.

In the evening the "Yellow" hall was crowded to hear the Carnival awards, witness the crowning of the Carnival Queen, and to see the annual drama, The Carnival Queen, which was chosen in part by popular vote. (Everyone buying a Carnival pin being entitled to vote for the Queen.) The largest popular vote was for Miss Merrill of East Standish.
